

Advanced Microeconomics

Kota Saito

October 1, 2012

Purpose:

- What to read: papers on Attention and Memory
- How to read: read line by line including proof to be able to come up with your own idea.

Papers

- Stochastic Choice and Consideration Sets
by Paola Manzini and Marcco Mariotti.
- Revealed Attention by
Masatlioglu, Nakajima, and Ozbay.
- Bounded Memory and Biases in Information Processing
by Andrea Wilson.
- If we have time we will also read
 - Social Image and the 50-50 Norm
by Andreoni and Bernheim (2009) *Econometrica*.

Evaluation:

- Presentations (at least 5 times)

Others:

- No class on Monday 8th.
